

Das Futterkonzept mit dem PLUS PLUS que des aliments

Lucens, 28 October 2024

GUARANTEE CERTIFICATE

- GRANOVIT AG primarily collects and processes domestic grain.
- GRANOVIT AG uses a specific manufacturing process to produce hygienic food (Thermasoft® process).
- Our raw ingredients are selected according to strict quality criteria. We also check nutritional value (NIR analysis) and bacteriological quality (including germs, mould, mycotoxins).
- Our ruminant feed contains no animal fats.
- Our vegetable oils originate from the food industry.
- We do not use palm oil.
- We do not use hazardous products such as recycled oil or mixed fatty acids.
- Our feed is produced entirely without GMO raw ingredients (genetically modified organisms) in our Lucens, Kaiseraugst and Gossau plants.
- GRANOVIT AG is certified according to the standard ISO 9001: 2015 and works with HACCP control systems according to SFPS (Swiss Feed Production Standard). The compliance of our manufacturing procedures and the traceability of our products are thereby guaranteed.
- Our raw ingredients and finished feed are regularly checked by Agroscope, an agricultural research institution affiliated with the Swiss Federal Office for Agriculture (FOAG).
- As a soy importer and feed producer, we are a member of the Soy Network Switzerland. As a soy importer, we are committed to ensuring that a minimum of 90% of the goods that we obtain have a sustainability certificate. As a feed producer, we are committed to only obtaining soy from importers who are registered with the Soy Network Switzerland.
- We are a member of the Donau Soja association and also produce feed at our plants in Lucens, Kaiseraugst and Gossau that is certified by this organisation.
